GIRLS - Freshman ages 8-9 Junior Varsity ages 10-12 Varsity ages 13-14

Our Mission... is to provide drug-free, violent-free and diverse athletic programs for the youth. We will advocate unity, respect and discipline through the training of sports programs. We will harness an environment free from the negativities that misguide our future leaders.

History

In 2001 Hype Athletics was formed as a non-profit organization to assist in helping local communities organize drug-free, violent-free and diverse athletic events. By ways of training camps, tournaments and leagues in various sports we've promoted and educated the youth to work with unity, teamwork, positive competition and physical fitness. Working hard with determination to succeed Hype Athletics has been able to provide such events in many local communities. Over the years, as the demand grew for ways to improve the social moral of our youth and young adults we've noticed many individuals, local school districts, local and national organizations had similar missions and intentions to improve future opportunities for our kids. So with the combined effort of these caring organizations Hype Athletics has successfully trained over 25,000 youth through our camps and leagues in a total of Eight years.

OUR ELITE STAFF... have been trained and tested in their knowledge and skill of the entire game. All of our current and former High School, College Athletes and coaches have completed testing of physical training, similar to what our participants go through. Many times we see that there are some youth that need extra attention and may not understand a specific drill. We are prepared for this. Our method of training is like none other! Our staff at Hype Athletics understands that each youth participant is approached differently, and we insure that all the knowledge and skill is taught and understood by the youth.

The Premier Winter Basketball League will be offer to boys and girls ages 6 – 14. A separate boys and girls league has been formed to give maximum opportunity to our youth. The structure of the PWBL will be explained throughout this program flier. The divisions for this program are as follows: Boys ages Jr. Freshman 6 – 7, Freshman 8 – 9, Jr. Varsity 10 – 12, Varsity 13 – 14, and girls ages Freshman 8 – 9, Jr. Varsity 10 – 12, Varsity 13 – 14. Each division will be limited to 96 Participants. The season will begin with a Three-day evaluation camp used for training, evaluation, team placement and uniform sizing.

The PWBL with include two components of service to the youth and the families. The youth will participate in athletic skills programs, which will include the training and the coaching of the entire game of basketball, as well as, a social service where our youth participants will participate in group mentoring sessions and substance abuse education. These services will be provided to both the youth players and parents through seminars and sessions. Our belief and practice is that Basketball is obviously more than a game. It's an experience, lesson and a privilege for all. HYPE Athletics Community is devoted to insuring our young leaders are prepared for the challenges life has prepared them. These sessions are not mandatory, but highly encouraged. Guest speakers will educate all of us through knowledge and experience.
